

Part 2: Back in the Classroom

Looking at the Whole

- 1. Examine the quick sketch you made and compare it to the notes you took later. What details from your notes are missing in your sketch?

---

---

---

Looking at the Parts

- 2. Sort the living things into categories and give each category a name

---

---

---

- 3. Sort the nonliving things into categories and give each category a name.

---

---

---

- 4. Do you need to revise your caption now that you have taken a closer look?

---

---

- 5. Use your notes to complete the Venn Diagram
